Rebuilt and Remanufactured Differentials & Rear Ends

The cost of replacing a rear differential depends on the degree of the repairs that need to be done. Just a few parts to replace will cost significantly less than lots of parts to replace. This could run the bill up from the \$200-\$400 range to \$600-\$800. Replacing the rear differential entirely costs a whole lot.

Understanding and Diagnosing Rear Differential Noise

i might go to a junk yard that deals with fords and hondas only. they always have 1st gen expos and f150s of the same year. well im gonna go look at the expos maybe one day. what axle codes should i look for? so i know it has the 9.75 and limited slip. and for the f150 same, but ill just take the diff out of the 150 cause making that into a coil sprung axle would be too much work.
