HTC EVO Design 4G on Boost Mobile Review

The EVO Design 4G came out late in 2011. It is a good phone but not great and not good enough for anyone to jump from the OG EVO. Plus, the EVO 3D already came out w/better specs. This did not sell too well. I think it may have a home with Boost. HTC EVO Design 4G review -- Engadget

I hate this phone. It feels like a cheap piece of plastic, it is brand new but the camera wouldn't even work. After combing through online forums i figured out that the new ones have all had the camera disconnected upon delivery and you have to push really hard on the lens until you hear it click into place.
