Construction Administration & Construction Management

March 1, 2018, 9:42 pm In reply to Ali Elbanhawý's post of 14 February. Sorry for the delay, but I was in Norway conducting a training course. I think I am correct in assuming that you are working on the consultant's side of the fence and that therefore, you do not wish to pay what you consider to be an exorbitantly high rate for a variation.

Guideline for preparing comprehensive extension of time ...

Taking over is a critical part of any project - it constitutes confirmation that the works have been satisfactorily completed by the contractor (save for minor defects and outstanding items of works) and should signify the point that the project has become a revenue generating asset.

Construction disputes - Designing Buildings Wiki

Ian Wishart advised that the contractors are advised to establish and maintain a good document control procedure in order to enable for the planning team and contract administrator the huge quantities of both electronic and hard-copy records. The type of such records includes but not limited to; the contractor estimate, details of the contractor costing system and cost reports, internal ...
